ADVENTURE

Includes a variety of accessories and is capable of carrying additional equipment. Suitable for those who wish to use their bike for **fishing, exploring and other adventures**.

PERSONAL TRAINING PROGRAMME

Discover a **fitness experience** like no other on the Red Shark bike board. With the help of our **qualified personal trainers** you can take a ride on the surface of the sea and have a personal training session at the same time. This unique activity **combines cardiovascular and body weight exercises**, relying on the fluctuating conditions of the sea and the constant need to maintain balance, to burn more than five hundred calories at a time. Blending fun physical exertion with spectacular views makes exercise more effective and motivating when performed on the board.
